INTENT, DESCRIPTION OF WORK, AND BACKGROUND

In accordance with section 287.055, Florida Statutes, known as the Consultants Competitive Negotiation Act (CCNA), the Cedar Key Water and Sewer District (“District”) is seeking Proposals from qualifying consulting firms (the “Proposer”) to provide all or a portion of professional consulting services (“Professional Services”) for engineering, construction engineering inspection, and surveying/mapping services related to water and wastewater utility system (“System”) improvements and repairs to be undertaken by the District stemming from damages suffered from Hurricane Idalia (including hazard mitigation projects). The District anticipates selecting one or more professional firms to execute a Contract for Professional Services in accordance with this RFQ.

The CCNA establishes contracting procedures by which agencies must select architects, professional engineers, landscape architects, and surveyors and mappers (“Professional Firms”). The CCNA process allows for Professional Firms to be chosen based on quality of personnel, minority/women-owned business enterprise consideration, past performance, willingness to meet time and budget requirements, location, workload and volume of work previously awarded to each Professional Firm by the District. The selected firms must be capable of providing all or a portion of the Professional Services set forth in the RFQ as well as providing design, permitting, and construction oversight as may be required by the District based on each specific project for which services are needed.

While every effort is made to ensure the accuracy and completeness of information in the RFQ, it is recognized that the information may not be complete in every detail and that all work may not be expressly mentioned in the RFQ. It is the responsibility of the Proposer to include in its Proposal all pertinent information in accordance with the objectives of the RFQ.

*The District is simultaneously conducting RFQ 2023-01 Disaster Recovery Services, seeking a professional consultant(s) or consulting firm(s) to provide comprehensive disaster recovery oversight, management, and administration services related to Hurricane Idalia. Interested and qualified firms may submit proposals in response to RFQ 2023-01, this RFQ 2023-02, or both.

Proposers interested in providing one or more of the Services are instructed to submit one (1) original, three paper (3) copies, and one (1) flash drive of its Proposal, in accordance with this RFQ, no later than December 29, 2023 @ 3:00 EST to Cedar Key Water & Sewer District, 510 3rd Street, Cedar Key, Florida 32625.

Proposals received after this date and time will not be considered and shall be returned unopened.

- **The Cedar Key Water and Sewer District is an Equal Opportunity Employer.**
- **MBE/WBE businesses are encouraged to participate.**
- **The Cedar Key Water and Sewer District strictly enforces open and fair competition.**

ADA –Special Accommodations: Any person requiring accommodations due to a disability should call the District at (352)543-5285 at least five (5) working days prior to any pre-response Conference, response opening, or meeting.

The RFQ and any addenda issued are available on the District website at www.ckwater.org or by contacting the District at (352)543-5285. All questions pertaining to this RFQ should be submitted in writing in accordance with RFQ instructions.

Description of Work:

Hurricane Idalia made landfall as a major category 3 hurricane on Florida's gulf coast on August 30, 2023. The District experienced extreme storm surge and other catastrophic impacts related to the storm which necessitate repairs and improvements to the System (including potential hazard mitigation projects) to ensure that the District is able to meet its obligation to adequately provide water and wastewater utility service to customers within its service area, both presently and in the future.

The District is currently in the process of identifying, assessing, and documenting storm-related damages and identifying necessary repairs and improvements to the System, to be funded through the District's insurance, FEMA, or other sources. The District requires one or more consultant engineers to provide engineering, design, construction engineering inspection, and surveying/mapping services on an as needed basis, pursuant to work authorizations issued by the District, to implement the storm-related improvements, projects, and repairs that are identified by the District during the damage assessment process. Some of the tasks consultant engineers may be required to perform include, but are not limited to:

- Preliminary and Final Design
- Performing feasibility studies, analyses, and assessments
- Prepare or support the preparation of grant applications to include Opinions of Probable Cost and Concept Plans
- GIS Support Services
- Surveying and Mapping
- Engineering Services associated with water and wastewater utility projects including Sanitary Sewer Collection System, Lift Station and Force Mains, Water systems and Reclaimed Water Treatment analysis, design, inspection, and permitting
- Construction phase services, including but not limited to construction engineering inspection
- Construction bid services

- Preparation and submission of information to and necessary consultations with the local Transportation Department, Florida Department of Environmental Protection, Florida Department of Transportation, regional water management districts, U.S. Army Corps of Engineers, Florida Division of Emergency Management (FDEM), Federal Emergency Management Agency (FEMA), or other appropriate regulatory agencies

If litigation is filed in relation to such request and the Proposer is not initially named as a party, the Proposer shall promptly seek to intervene as a defendant in such litigation to defend its claim regarding the confidentiality of such material. This provision shall take precedence over any provisions or conditions of any proposal submitted by a Proposer in response to this RFQ and shall constitute the District's sole obligation with regard to maintaining confidentiality of any document, material, or information submitted to the District.

 - i. Make visits to the Site at intervals appropriate to the various stages of construction, as Consultant or the District deems necessary, but at least monthly, to observe as an experienced and qualified design professional the progress and quality of contractor's executed Work. Such visits and observations by Consultant are not intended to be exhaustive or to extend to every aspect

of contractor's Work in progress or to involve detailed inspections of contractor's Work in progress beyond the responsibilities specifically assigned to Consultant in this Contract and the Contract Documents, but rather are to be limited to spot checking, selective sampling, and similar methods of general observation of the Work based on Consultant's exercise of professional judgment. Based on information obtained during such visits and observations, Consultant will determine in general if the Work is proceeding in accordance with the Contract Documents, and Consultant shall keep the District informed of the progress of the Work.

ii. Consultant shall not, during such visits or as a result of such observations of contractor's Work in progress, supervise, direct, or have control over contractor's Work, nor shall Consultant have responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by contractor, for security or safety on the Site, for safety precautions and programs incident to contractor's Work, nor for any failure of contractor to comply with Laws and Regulations applicable to contractor's furnishing and performing the Work.

iii. The Consultant shall consult with the District's inspector and review all observations and inspection reports performed by the District's inspector to ensure the Work conforms in general to the Contract Documents. Consultant shall promptly notify the District as to any deviations from the Contract Documents.

f. Recommend to the District that contractor's Work be rejected while it is in progress if, on the basis of Consultant's observations, Consultant believes that such Work will not produce a completed Project that conforms generally to the Contract Documents or that it will threaten the integrity of the design concept of the completed Project as a functioning whole as indicated in the Contract Documents.

g. Review materials and workmanship of the Project and report to the District any deviations from the Contract Documents which may come to the Consultant's attention; determine the acceptability of work and materials and make recommendation to the District to reject items not meeting the requirements of the Contract Documents.

h. Recommend to the District in writing that the work, or designated portions thereof, be stopped if, in Consultant's judgment, such action is necessary to allow proper inspection, avoid irreparable damage to the work, or avoid subsequent rejection of work which could not be readily replaced or restored to an acceptable condition, such stoppage to be only for a period reasonably necessary for the determination of whether or not the work will in fact comply with the requirements of the Contract Documents.

i. Require that any work which is covered up without being properly observed be uncovered for examination and restored at contractor's expense if deemed appropriate by the Consultant.

j. Issue necessary clarifications and interpretations of the Contract Documents as appropriate to the orderly completion of contractor's work. Such clarifications and interpretations will be consistent with the intent of and reasonably inferable from the Contract Documents. Consultant may issue Field Orders authorizing minor variations in the Work from the requirements of the Contract Documents.

k. Negotiate with the contractor the scope and cost of any contract Change Order or Work Change Directive and provide a recommendation to the District. Prepare and issue Change Orders and Work Change Directives as required or directed by the District.

l. Review and approve or take other appropriate action in respect to Shop Drawings and Samples and other data which Contractor is required to submit, but only for conformance with the information given in the Contract Documents and compatibility with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents. Such reviews and approvals or other action will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions and programs incident thereto. Consultant shall meet any Contractor's submittal schedule that Consultant has accepted.

m. Evaluate and determine the acceptability of substitute or "or equal" materials and equipment proposed by contractor.

n. Require special inspections or tests of contractor's work as deemed reasonably necessary, and receive and review all certificates of inspections, tests, and approvals required by applicable laws and regulations of any governmental agency or the Contract Documents. Consultant's review of such certificates will be for the purpose of determining that the results certified indicate compliance with the Contract Documents and will not constitute an independent evaluation that the content or procedures of such inspections, tests, or approvals comply with the requirements of the Contract Documents. Consultant shall be entitled to rely on the results of such tests.

o. Assist and coordinate with the District, contractor and, if applicable, their Operations Contractor, with regard to start-up and testing requirements of the Project. Review and approve all required start-up procedures required by the Contract. Observe all start-up activities to ensure conformity with the requirements of the Contract Documents. Review and approve any performance testing required by the Contract Documents.

p. Assist the District with the coordination of any training of the District's Operations contractor or other such persons as designated by the District.

q. Render formal written decisions on all duly submitted issues relating to the acceptability of contractor's work or the interpretation of the requirements of the Contract Documents pertaining to the execution, performance, or progress of Contractor's Work; review each duly submitted claim by the District or Contractor, and in writing either deny such claim in whole or in part, approve such claim, or decline to resolve such claim if Consultant in its discretion concludes that to do so would be inappropriate. In rendering such decisions, Consultant shall be fair and not show partiality to the District or contractor and shall not be liable in connection with any decision rendered in good faith in such capacity.

r. Monitor all required Project records, including but not limited to delivery schedules, inventories and construction reports. Based upon the Project records, as well as Consultant's observations at the site and evaluations of the data reflected in contractor's application for payment, Consultant shall render a recommendation to the District concerning the amount owed to the contractor and shall forward the contractor's application for such amount to the District. Such approval of the application for payment shall constitute a representation by Consultant to the District, based on observations and evaluations, that:

i. The work has progressed to the point indicated.

ii. The work is in substantial accordance with the Contract Documents.

iii. The contractor is entitled to payment in the recommended amount.

s. Receive, review, and transmit to the District maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance required by the Contract Documents, certificates of inspection, tests and approvals, shop drawings, samples and other data, and all required record documents which are to be assembled by contractor in accordance with the Contract Documents to obtain final payment.

t. Promptly after notice from contractor that contractor considers the entire Work ready for its intended use, in company with the District and contractor, conduct a pre-final inspection to determine if the Work is substantially complete. If, after considering any objections of the District, Consultant considers the Work substantially complete Consultant shall deliver a certificate of Substantial Completion to the District and contractor. If not, Consultant shall develop a list of items needing completion or correction, forward said list to the Contractor and provide written recommendations to the District concerning the acceptability of Work done and the use of the Project.

u. Prepare and furnish to the District two (2) sets of project record drawings showing appropriate record information based on Record Drawing information from contractor and Project documentation received from the District's inspector. Consultant shall also provide the District with an electronic copy of the project record documents.

2.6. Detailed Observation of Construction.

Construction work shall be done under the full-time observation of at least one representative of Consultant; or by such additional representatives of the Consultant as may be necessary for observing the construction of the Project, as may be authorized and approved by the District. During detailed observation of construction Consultant shall act to protect the District's interests in Project and:

b. Maintain appropriate field notes from which record drawings can be generated.

c. Maintain appropriate field records to document any and all disputes or claims, whether actual or potential with respect to construction of the Project.

d. Observe operation or performance testing and report findings to the District and contractor, including copies of bacteriological and pressure tests when potable water lines are involved upon completion of operable units.

b. The time the Consultant is obligated to commence and complete all such services; or

c. The amount of compensation the District is obligated or committed to pay the Consultant.

3.2. The District's Representative shall:

a. Review and make appropriate recommendations on all requests submitted by the Consultant for payment for services and work provided and performed in accordance with this Contract;

b. Provide all criteria and information requested by Consultant as to the District's requirements, for the Project, including design objectives and constraints, space, capacity and performance requirements, flexibility and expandability, and any budgetary limitations;

c. Upon request from Consultant, assist Consultant by placing at Consultant's disposal all available information in the District's possession pertinent to the Project, including existing drawings, specifications, shop drawings, product literature, previous reports and any other data relative to design or construction of the Project;

d. Arrange for access to and make all provisions for Consultant to enter the Project site to perform the services to be provided by Consultant under this Contract; and

e. Provide notice to Consultant of any deficiencies or defects discovered by the District with respect to the services to be rendered by Consultant hereunder.

3.3. Consultant acknowledges that access to the Project Site, to be arranged by the District for Consultant, may be provided during times that are not the normal business hours of the Consultant.

3.4. The District shall be responsible for the acquisition of all easements, property sites, rights-of-way, or other property rights required for the Project and for the costs thereof, including the costs of any required land surveys in connection with such acquisition.

3.5. For the purposes of this Contract, the District's Representative shall be:

ARTICLE FOUR TERM AND TIME

4.1 The term of this Contract shall commence on _____ and continue for three years until _____, unless otherwise terminated as provided herein. At the District's sole discretion, the term of this Contract may be extended for two (2) additional one (1) year terms under the same terms and conditions as provided herein.

4.2. Services to be rendered by Consultant shall be commenced subsequent to the execution of any Work Authorizations issued pursuant to this Contract, after receiving written Notice to Proceed from the

District for all or any designated portion of the Project and shall be performed and completed in accordance with the Project Schedule attached to the Work Authorization for the Project.

4.3. Should Consultant be obstructed or delayed in the prosecution or completion of its services as a result of unforeseeable causes beyond the control of Consultant, and not due to its own fault or neglect, including but not restricted to acts of God or of public enemy, acts of government or of the District, fires, floods, epidemics, quarantine regulations, strikes or lock-outs, then Consultant shall notify the District in writing within five (5) working days after commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Consultant may have had to request a time extension.

4.4. No interruption, interference, inefficiency, suspension or delay in the commencement or progress of Consultant's services from any cause whatsoever, including those for which the District may be responsible in whole or in part, shall relieve Consultant of its duty to perform or give rise to any right to damages or additional compensation from the District. Consultant's sole remedy against the District will be the right to seek an extension of time to its schedule. This paragraph shall expressly apply to claims for early completion, as well as claims based on late completion. Provided, however, if through no fault or neglect of the Consultant, the services to be provided hereunder have not been completed within the schedule identified in the Work Authorization, the Consultant's compensation shall be equitably adjusted, with respect to those services that have not yet been performed, to reflect the incremental increase in costs experienced by Consultant.

4.5. Should the Consultant fail to commence, provide, perform or complete any of the services to be provided hereunder in a timely and reasonable manner, in addition to any other rights or remedies available to the District hereunder, the District at its sole discretion and option may withhold any and all payments due and owing to the Consultant until such time as the Consultant resumes performance of its obligations hereunder in such a manner so as to reasonably establish to the District's satisfaction that the Consultant's performance is or will shortly be back on schedule.

4.6. When the Consultant and the District enter into a Work Authorization where the term of the Work Authorization expires on a date that is later than the date that this Contract expires, the Consultant and the District agree that the terms of this Contract and any amendments, attachments or provisions thereof are automatically extended until the expiration or full completion of the requirements of the Work Authorization have been performed. Cancellation by the District of any remaining work prior to the full completion of the requirements of the Work Authorization shall cause the terms of this Contract to terminate at the same time. This provision only applies when the expiration of the Work Authorization extends beyond the expiration of this Contract. It does not apply when a Work Authorization expires or is cancelled prior to the expiration of this Contract.

ARTICLE FIVE COMPENSATION

5.1. Compensation and the manner of payment of such compensation by the District for services rendered hereunder by Consultant shall be as prescribed in Exhibit A, entitled "Basis of Compensation," which is attached hereto and made a part hereof.

5.2. The total amount to be paid by the District under this Contract for all services and materials, including "out of pocket" expenses and any approved subcontracts, shall not exceed the amount set forth in the approved Work Authorizations without prior approval of the District. The Consultant shall notify the District's Representative in writing when 90% of an approved "not to exceed amount" has been reached.

5.3. Invoices received by the District from the Consultant pursuant to this Contract will be reviewed and approved in writing by the District's Representative, who shall indicate whether services have been rendered in conformity with the Contract, and then sent to the District clerk for processing payment. All invoices shall contain a detailed breakdown of the services provided for which payment is being requested. Invoices shall be paid in accordance with the Florida Prompt Payment Act. In addition to detailed invoices, upon request of the District's Representative, Consultant will provide the District with detailed periodic Status Reports on the project.

5.4. "Out-of-pocket" expenses shall be reimbursed in accordance with Florida law and any approved Work Authorization. All requests for payment of "out-of-pocket" expenses eligible for reimbursement under the terms of this Contract shall include copies of paid receipts, invoices, or other documentation acceptable to the District's Representative. Such documentation shall be sufficient to establish that the expense was actually incurred and necessary in the performance of the Scope of Work described in this Contract.

5.5. In order for both parties herein to close their books and records, the Consultant will clearly state "final invoice" on the Consultant's final/last billing to the District for each Work Authorization. This final invoice shall also certify that all services provided by Consultant have been performed in accordance with the applicable Work Authorization and all charges and costs have been invoiced to the District. Because this account will thereupon be closed, any and other further charges not included on this final invoice are waived by the Consultant. Acceptance of final payment by Consultant shall constitute a waiver of all claims and liens against the District for additional payment.

5.6 Consultant acknowledges that the District, during any fiscal year, shall not expend money, incur any liability, or enter into any agreement which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any agreement, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such agreement. Nothing herein contained shall prevent the making of agreements for a period exceeding one year, but any agreement so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years. Accordingly, the District's performance and obligation to pay under this agreement is contingent upon annual appropriation.

ARTICLE SIX WAIVER OF CLAIMS

6.1. Consultant's acceptance of final payment shall constitute a full waiver of any and all claims related to the obligation of payment by it against the District arising out of this Contract or otherwise related to the Project, except those previously made in writing and identified by Consultant as unsettled at the time of the final payment. Neither the acceptance of Consultant's services nor payment by the District shall be deemed to be a waiver of any of the District's rights against Consultant.

ARTICLE SEVEN TRUTH IN NEGOTIATION REPRESENTATIONS

7.1. Consultant warrants that Consultant has not employed or retained any company or person, other than a bona fide employee working solely for Consultant, to solicit or secure this Contract and that Consultant has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for Consultant, any fee, commission, percentage, gift or any other consideration contingent upon or resulting from the award or making of this Contract.

7.2. In accordance with provisions of Section 287.055(5)(a), Florida Statutes, the signature of this Contract by the Consultant shall also act as the execution of a truth in negotiation certificate certifying that the wage rates, overhead charges, and other costs used to determine the compensation provided for in this Contract are accurate, complete and current as of the date of the Contract and no higher than those charged the Consultant's most favored customer for the same or substantially similar service. Should the District determine that said rates and costs were significantly increased due to incomplete, noncurrent or inaccurate representation, then said rates and compensation provided for in this Contract shall be adjusted accordingly.

ARTICLE EIGHT TERMINATION OR SUSPENSION

8.1. Consultant shall be considered in material default of this Contract and such default will be considered cause for the District to terminate this Contract, in whole or in part, as further set forth in this section, for any of the following reasons: (a) failure to begin work under the Contract within a reasonable time after issuance of the Notice(s) to Proceed of a Work Authorization, or (b) failure to properly and timely perform the services to be provided hereunder or as directed by the District pursuant to this Contract, or (c) the bankruptcy or insolvency or a general assignment for the benefit of creditors by Consultant or by any of Consultant's principals, officers or directors, or (d) failure to obey laws, ordinances, regulations or other codes of conduct, or (e) failure to perform or abide by the terms of this Contract, or (f) for any other just cause. The District may so terminate this Contract, in whole or in part, by giving the Consultant seven (7) calendar days' written notice.

8.2. If, after notice of termination of this Contract as provided for in paragraph 8.1 above, it is determined for any reason that Consultant was not, in default, or that its default was excusable, or that the District otherwise was not entitled to the remedy against Consultant provided for in paragraph 8.1, then the notice of termination given pursuant to paragraph 8.1 shall be deemed to be the notice of termination provided for in paragraph 8.3 below and Consultant's remedies against the District shall be the same as and limited to those afforded Consultant under paragraph 8.3 below.

8.3. The District shall have the right to terminate this Contract, in whole or in part, without cause upon seven (7) calendar days' written notice to Consultant. In the event of such termination for convenience, Consultant's recovery against the District shall be limited to that portion of the fee earned through the date of termination, together with any retainage withheld and any costs reasonably incurred by Consultant that are directly attributable to the termination, but Consultant shall not be entitled to any other or further recovery against the District, including, but not limited to, anticipated fees or profits on work not required to be performed.

8.4. Upon termination, the Consultant shall deliver to the District all original papers, records, documents, drawings, models, and other material set forth and described in this Contract.

8.5. The District shall have the power to suspend all or any portions of the services to be provided by Consultant hereunder upon giving Consultant two (2) calendar days' prior written notice of such suspension. If all or any portion of the services to be rendered hereunder are so suspended, the Consultant's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in Article Four herein.

ARTICLE NINE PERSONNEL

9.1. The Consultant is, and shall be, in the performance of all work services and activities under this Contract, an Independent Contractor, and not an employee, agent, or servant of the District. All persons engaged in any of the work or services performed pursuant to this Contract shall at all times, and in all places, be subject to the Consultant's sole direction, supervision, and control. The Consultant shall exercise control over the means and manner in which it and its employees perform the work, and in all respects the Consultant's relationship and the relationship of its employees to the District shall be that of an Independent Contractor and not as employees or agents of the District.

9.2. The Consultant represents that it has, or will secure at its own expense, all necessary personnel required to perform the services under this Contract. Such personnel shall not be employees of or have any contractual relationship with the District, nor shall such personnel be entitled to any benefits of the District including, but not limited to, pension, health and workers' compensation benefits.

9.3. All of the services required hereunder shall be performed by the Consultant or under its supervision, and all personnel engaged in performing the services shall be fully qualified and, if required, authorized or permitted under state and local law to perform such services.

9.4. The Consultant warrants that all services shall be performed by skilled and competent personnel to professional standards applicable to firms of similar local and national reputation.

ARTICLE TEN SUBCONTRACTING

10.1. Consultant shall not subcontract any services or work to be provided to the District without the prior written approval of the District's Representative. The District reserves the right to accept the use of a subcontractor or to reject the selection of a particular subcontractor and to inspect all facilities of any subcontractors in order to make a determination as to the capability of the subcontractor to perform properly under this Contract. The District's acceptance of a subcontractor shall not be unreasonably withheld. The Consultant is encouraged to seek minority and women business enterprises for participation in subcontracting opportunities.

ARTICLE ELEVEN FEDERAL AND STATE TAX

11.1. The District is exempt from payment of Florida state sales and use taxes. Upon request, the District will provide an exemption certificate to Consultant. The Consultant shall not be exempted from paying sales tax to its suppliers for materials used to fulfill its obligations pursuant to this Contract, nor is the Consultant authorized to use the District's tax exemption number in securing such materials.

11.2. The Consultant shall be responsible for payment of its own and its share of its employees' payroll, payroll taxes, and benefits with respect to this Contract.

ARTICLE TWELVE OWNERSHIP OF DOCUMENTS

12.1. Upon completion or termination of this Contract, all records, documents, tracings, plans, specifications, maps, evaluations, reports, computer assisted design or drafting disks and other technical

data, other than working papers, prepared or developed by Consultant under this Contract shall be delivered to and become the property of the District. Consultant, at its own expense, may retain copies for its files and internal use. Consultant assumes no liability for the use of such documents by the District or others for purposes not intended under this Contract.

12.2 In addition to other requirements provided herein, Consultant shall comply with public records laws embodied in chapter 119, Florida Statutes, and specifically shall:

a. Keep and maintain public records required by the District in order to perform the Scope of Services identified herein.

b. Upon request from the District provide the District with any requested public records or allow the requested records to be inspected or copied within a reasonable time by the District.

c. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Contract term and thereafter if the Consultant does not transfer all records to the District.

d. Transfer, at no cost, to the District all public records in possession of the Consultant upon termination of this Contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the District, upon request from the District, in a format that is compatible with the information technology systems of the District. If the Consultant keeps and maintains public records upon the conclusion of this Contract, the Consultant shall meet all applicable requirements for retaining public records that would apply to the District.

e. If Consultant does not comply with a public records request, the District shall treat that omission as breach of this Contract and enforce the contract provisions accordingly. Additionally, if the Consultant fails to provide records when requested, the Consultant may be subject to penalties under section 119.10, Florida Statutes and reasonable costs of enforcement, including attorney fees.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (352) 543-5285, ALICIA@CKWATER.ORG, ATTN: ALICIA JOHNS, 510 3RD STREET, CEDAR KEY, FLORIDA 32625.

ARTICLE THIRTEEN MAINTENANCE OF RECORDS

13.1. Consultant will keep adequate records and supporting documentation which concern or reflect its services hereunder. The records and documentation will be retained by Consultant for a minimum of five (5) years from the date of termination of this Contract or the date the Project is completed, whichever is later. The District, or any duly authorized agents or representatives of the District, shall have the right to audit, inspect and copy all such records and documentation as often as they deem necessary during the period of this Contract and during the five (5) year period noted above; provided, however, such activity shall be conducted only during normal business hours.

ARTICLE FOURTEEN INSURANCE

14.1. During the life of the Contract the Consultant shall provide, pay for, and maintain, with companies satisfactory to the District, the types of insurance described herein. All insurance shall be from responsible companies duly authorized to do business in the State of Florida and/or responsible risk retention group insurance companies registered with the State of Florida. Prior to execution of this Contract by the District, the insurance coverages and limits required must be evidenced by properly executed Certificates of Insurance on forms which are acceptable to the District. The Certificates must be personally, manually signed by the Authorized Representatives of the insurance company/companies shown on the Certificates with proof that he/she is an authorized representative thereof. In addition, certified, true and exact copies of all insurance policies required shall be provided to the District, on a timely basis, if required by the District. These Certificates and policies shall contain provisions that thirty (30) days' written notice by registered or certified mail shall be given the District of any cancellation, intent not to renew, or reduction in the policies' coverages, except in the application of the Aggregate Limits Provisions. In the event of a reduction in the Aggregate Limit of any policy, the Consultant shall immediately take steps to have the Aggregate Limit reinstated to the full extent permitted under such policy. All insurance coverages of the Consultant shall be primary to any insurance or self-insurance program carried by the District applicable to this Project.

14.2. The acceptance by the District of any Certificate of Insurance for this Project evidencing the insurance coverages and limits required in this Contract does not constitute approval or agreement by the District that the insurance requirements have been met or that the insurance policies shown on the Certificates of Insurance are in compliance with the requirements of this Contract.

14.3. Before starting and until acceptance of the work by the District, Consultant shall maintain insurance of the types and to the limits specified in paragraph 14.7 entitled "Required Insurance." Consultant shall require each of its subconsultants and subcontractors to procure and maintain, until the completion of that subconsultant's or subcontractor's work, insurance of the types and to the limits specified in paragraph 14.7, unless such insurance requirement for the subconsultant or subcontractor is expressly waived in writing by the District. Said waiver shall not be unreasonably withheld upon Consultant representing in writing to the District that Consultant's existing coverage includes and covers the subconsultants and subcontractors for which a waiver is sought, and that such coverage is in conformance with the types and limits of insurance specified in paragraph 14.7. All liability insurance policies, other than the Professional Liability, Worker's, Compensation and Employers' Liability policies, obtained by Consultant to meet the requirements of this Contract shall name the District as an additional insured as to the operations of the Consultant under this Contract and the Contract Documents and shall contain severability of interests provisions.

14.4. If any insurance provided pursuant to this Contract expires prior to the completion of the work, renewal Certificates of Insurance and, if requested by the District, certified, true copies of the renewal policies shall be furnished by Consultant thirty (30) days prior to the date of expiration. Should at any time the Consultant not maintain the insurance coverages required in this Contract, the District may cancel this Contract or at its sole discretion shall be authorized to purchase such coverages and charge the Consultant for such coverages purchased. The District shall be under no obligation to purchase such insurance, nor shall it be responsible for the coverages purchased or the insurance company or companies used. The decision of the District to purchase such insurance coverages shall in no way be construed to be a waiver of its rights under this Contract.

14.5. Certificates of insurance, reflecting evidence of the required insurance, shall be filed with the District's Representative prior to the commencement of the work. The Consultant shall not commence work under this Contract until it has obtained all insurance required under this paragraph and such insurance has been approved by the District's Representative, nor shall the Consultant allow any subcontractor to commence work on its sub-contract until all similar such insurance required of the subcontractor has been obtained and approved.

14.6. Policies shall be issued by companies authorized to do business under the laws of the State of Florida and shall have adequate Policyholders and Financial ratings in the latest ratings of A.M. Best rating of A- or better.

The District may require the Consultant to provide a higher level of coverage for a specific project and time frame.
- f. Consultant shall require its subcontractors to be adequately insured at least to the limits prescribed above, and to any increased limits of Consultant if so required by the District during the term of this Contract. ARTICLE SEVENTEEN REMEDIES

17.1. This Contract shall be governed by the laws of the State of Florida. Any and all legal action necessary to enforce the Contract shall be held in the Levy County, Florida. No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

ARTICLE EIGHTEEN CONFLICT OF INTEREST

The Consultant further represents that no person having any interest shall be employed for said performance.

18.2. The Consultant shall promptly notify the District Administrator, in writing, by certified mail, of all potential conflicts of interest for any prospective business association, interest or other circumstance which may influence or appear to influence the Consultant's judgment or quality of services being provided hereunder. Such written notification shall identify the prospective business association, interest or circumstance, the nature of work that the Consultant may undertake and request an informed determination from the District Administrator as to whether the association, interest or circumstance would be reviewed by the District Administrator as constituting a conflict of interest if entered into by the Consultant. The District Administrator agrees to notify the Consultant of its opinion by certified mail within thirty (30) days of receipt of notice by the Consultant. Such determination may be appealed to the District of Directors by the Consultant within thirty (30) days of the District Administrator's notice to the Consultant. If, in the

opinion of the District Administrator or the District, the prospective business association, interest or circumstance would not constitute a conflict of interest by the Consultant, the District Administrator or the District shall so state in the notice and the Consultant shall, at its option, enter into said association, interest or circumstance and it shall be deemed not in conflict of interest with respect to services provided to the District by the Consultant under the terms of this Contract.

Work Authorizations shall be duly approved by the District prior to issuance. Consultant shall expediently perform such work within the schedule indicated in the work order in accordance with Article Four above. Consultant shall timely cooperate with the District Representative in negotiating the cost and schedule of said work orders prior to submission for approval. The District reserves the right to make changes in the Scope of Work, including alterations, reductions therein or additions thereto. Upon receipt by the Consultant of the District's notification of a contemplated change, the Consultant shall, in writing: (1) provide a detailed estimate for the increase or decrease in cost due to the contemplated change, (2) notify the District of any estimated change in the completion date, and (3)

advise the District if the contemplated change shall effect the Consultant's ability to meet the completion dates or schedules of this Contract.

23.2. If the District so instructs in writing, the Consultant shall suspend work on that portion of the Scope of Work or work order affected by a contemplated change, pending the District's decision to proceed with the change. Consultant shall be entitled to invoice the District for that portion of the work completed prior to receipt of the written notice.

25.2. No modification, waiver, suspension or termination of the Contract or of any terms thereof shall impair the rights or liabilities of either party.

25.3. This Contract is not assignable, in whole or in part, by Consultant without the prior written consent of the District.

25.4. Waiver by either party of a breach of any provision of this Contract shall not be deemed to be a waiver of any other breach and shall not be construed to be a modification of the terms of this Contract.

25.5. The headings of the Articles, Exhibits, Parts and Attachments as contained in this Contract are for the purpose of convenience only and shall not be deemed to expand, limit or change the provisions in such Articles, Exhibits, Parts and Attachments.

25.9. BY ENTERING INTO THIS AGREEMENT, CONSULTANT AND DISTRICT HEREBY EXPRESSLY WAIVE ANY RIGHTS EITHER PARTY MAY HAVE TO A TRIAL BY JURY OF ANY CIVIL LITIGATION RELATED TO THIS AGREEMENT.

The Consultant shall have ninety (90) days following receipt of the notice to respond in writing and demonstrate that the determination was in error. If the Consultant does not demonstrate that County's determination of false certification was made in error, then County shall have the right to terminate the contract and seek civil remedies pursuant to Florida Statute Section 215.4725.

FEDERAL PROVISIONS APPLICABLE TO CONSULTANT

The Consultant acknowledges and agrees that certain work to be performed under this Agreement may be fully or partially funded by Federal grants and therefore, the Consultant shall comply with the following provisions in performance of such Federally grant funded work, as applicable:

1. Affirmative Action. The District supports diversity in its procurement program and requires that all subcontracting opportunities afforded by this Agreement embrace and encourage diversity. The Consultant's award of subcontracts should reflect the diversity of the citizens of the State of Florida. In accordance with 2 C.F.R. § 200.321, the Consultant and its subcontractors must take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible. The Consultant agrees to use affirmative steps, and to require its subcontractors and sub-Consultants to utilize affirmative steps, to ensure that minority businesses and women's business enterprises are used when possible. Such affirmative steps shall at a minimum include:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;

3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses and women's business enterprises;

4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, or women's business enterprises;

5. Utilizing services and assistance, as appropriate, of such organizations as the Small Business Administration, the Minority Business Development Agency of the Department of the Commerce, the Florida Department of Management Services (Office of Supplier Diversity), the Florida Department of Transportation, Minority Business Development Center, and Local Government M/DBE programs; and

6. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed above in (1) through (5).

7. As used herein, the term "minority and women business enterprise" means a business at least fifty-one (51) percent owned and controlled by minority group members or women. Prior to award of any subcontract under this Agreement, Consultant shall document its efforts made to comply with the requirements of this paragraph. The Consultant shall state that it

is an Equal Opportunity or Affirmative-Action employer in all solicitations or advertisements for subcontractors or employees who shall perform work under this Agreement.

2. Equal Employment Opportunity (As per 2 CFR Part 200, Appendix II(C); 41 CFR § 61-1.4; 41 CFR § 61-4.3; Executive Order 11246 as amended by Executive Order 11375): During the performance of this Agreement, the Consultant agrees as follows:

1. The Consultant will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Consultant will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Consultant agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

2. The Consultant will, in all solicitations or advertisements for employees placed by or on behalf of the Consultant, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

3. The Consultant will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Consultant's legal duty to furnish information.

4. The Consultant will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or workers' representative of the Consultant's commitments under section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

5. The Consultant will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

7. In the event of the Consultant's non-compliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated or suspended in whole or in part and the Consultant may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

The Consultant will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance. Provided, however, that in the event the Consultant becomes involved in, or is threatened with, litigation with a sub-Consultant or vendor as a result of such direction, the Consultant may request the United States to enter into such litigation to protect the interests of the United States.
